

SEPTIC TANK EMPTYING

Park House Services NW Limited

All tanks old and new require regular emptying to give the service they were originally designed to provide. We deal with all types from older masonry chambers through to modern plastic and fibreglass units including treatment plants.

OUR SERVICES WILL GIVE YOU THE PEACE OF MIND YOU NEED.

We aim to deliver good value for money to our customers with our high standards of service. We pride ourselves on our quality of work. We don't cut corners and we don't make hidden charges.

NEGLECTING YOUR TANK CAN RESULT IN BLOCKAGES, ODOURS AND POLLUTION.

Regular Septic Tank Maintenance will:

- Extend life expectancy of your tank;
- Improves your tanks' efficiency;
- Prevents drain blockages;
- Lowers the risk of Septic Tank failure;
- Prolong the life of your filter chamber or soak-away.

Operating from our family farm we can provide for you:

- Fast, responsive service;
- Wherever possible a same day service;
- Emergency 24 hour - 7 day service;
- High pressure water jetting;
- Soak away maintenance;
- FREE quotes provided for all work;
- A fully insured service;
- 30 years' experience;
- Competitive rates.

Park House Services NW Limited

Lower Gollinrod Farm

Walmersley, Bury BL9 5NB

T: 01706 825460 / 07747 188040

E: info@parkhouseservices.co.uk

We can arrange to empty your tank on an annual basis, sending you an e-mail reminder. We are able to access awkward locations so no matter where your septic tank or drain may be placed, we will empty and de-sludge it for you.

ASK US FOR A QUOTE FOR SOAK AWAY INSTALLATION, EARTH WORKS AND THE INSTALLATION OF NEW SYSTEMS.

When we are finished, we'll provide you with a waste transfer note. This is confirmation that the work has been carried out by a registered waste carrier and your waste lawfully disposed of at an Environment Agency permitted site.
